

Cyber Essentials, made straightforward.

Practical guidance from experienced assessors - from your first conversation through to successful certification.

Why organisations choose us

- ✓ **Direct, personal support**
Work directly with experienced assessors throughout and receive a personal service with continuity of resource.
- ✓ **Pre-assessment guidance**
Understand the requirements, resolve uncertainties and avoid common submission errors before you apply.
- ✓ **Security-sensitive experience**
UK Security Cleared assessors with experience across Defence, Justice, Parliament and regulated supply chains.
- ✓ **Independent certification**
Assessment delivered impartially and in accordance with IASME certification requirements.

Clear, size-based pricing

Cyber Essentials certification with expert support

Micro	0-9 employees	£550
Small	10-49 employees	£750
Medium	50-249 employees	£875
Large	250+ employees	£1,200

A simple route to certification

Certification can help you

- ✓ Meet the requirements of government and customer supply chains
- ✓ Demonstrate effective baseline cyber security controls
- ✓ Reduce exposure to the most common cyber attacks
- ✓ Build customer confidence and support new business
